Oracle Singing Blind Moves

Workshop for kids with Michel Yang

Oracle Singing Blind Moves proposes a children's workshop exploring the unique world of their own vocals where vocalising is more than just singing. Vocal sounds come from imagination, from sensations of the body, and besides others also from the Ancestors! The workshop moves through the exhibition itself to embrace the momentary inspirations. Those will be translated into vocal sounds and captured in visual scores. Listening is as much a discovery. Vocalising together becomes a playful meeting in (dis)harmony.
